

DIGITUS 4K USB Type-C AOC AV Connection Cable

AK-330160-150-S
EAN 4016032482628

USB Type-C-USB Type -C AOC Hybrid cable 4K@60Hz USB 3.1 SPEC 15m

This active USB Type-C AOC AV Connection Cable is ideally suited for transferring uncompressed video and audio data with high bandwidth over longer distances. The hybrid construction, which uses copper and fiber optic cable, prevents electromagnetic interference. This ensures a loss-free transfer along the entire length of the cable with UHD resolution of up to 4K/60Hz and bandwidths of up to 21.6 Gbps. The use of fiber optic cable keeps the diameter of this active cable very low and gives it a very tight bending radius and low weight. It is ideal for use in homes, meeting rooms, and conference rooms as well as within buildings — and these are just a few of the possible uses. Simply connect your notebook with a USB Type C output to a monitor with a USB Type C input. The simple Plug and Play installation is user-friendly; just plug it in and immediately enjoy optimal image quality. The adapter cable is unidirectional (USB Type C = input device, USB Type C = output device).

Transfer of uncompressed video and audio signals in UHD 4K resolution with 21.6 Gbps bandwidth.

- Supports: Resolutions up to 4K@60Hz.

- Supports: Resolutions up to 2K@60Hz.
- Supports: Resolutions up to 1920 x 1080 @ 120 Hz.
- Data transfer rate: 21.6 Gbps
- Supports: HDR
- Supports: Dolby Vision
- Supports: HDR10
- Supports: 3D
- Cable diameter: 4.8 mm
- Supports Lip Sync (audio/video synchronization)
- Supports YUV 4:4:4
- Supports EDID 2.0 (device recognition)
- Housing: Zinc
- AOC - Active Optic Cable: YES
- Operating temperature: 0°C - 45°C
- Storage temperature: -10 °C to 70 °C
- Operating humidity: 5 - 90% RH
- Bending radius: 10 mm
- Connector 1: USB C, plug
- Connector 2: USB C, plug
- Length: 15 m

A close-up photograph of two identical USB Type-C connectors. They are silver-colored metal with a rectangular shape and rounded corners. Each connector has a small, circular logo in the center of its top face. The connectors are positioned side-by-side, showing their front and slightly angled top views. They are connected to black cables that extend upwards. The background is a plain, light-colored surface.
