

GaN USB-C-Charger Mini

USB-C Mini Notebook charger 67W/100W & Adapter Tips Set

The ideal companion for on the go!

GaN PD USB C chargers combine compactness, portability, and impressive performance in one device. With their sleek design, they easily fit into any bag, making the charger the perfect companion for travel, business trips, or daily use.

These powerhouses with varying wattage options charge USB-C laptop devices in record time. Thanks to advanced GaN (Gallium Nitride) technology, these chargers deliver incredibly high power and efficiency.

The GaN PD USB C chargers are equipped with five integrated protection circuits, ensuring reliable and safe operation. This means the device is protected against overcurrent, overvoltage, overheating, and short circuits.

The separately available Adapter Tips Set, compatible only with the Xilence USB-C Charger, allows for connecting and charging additional notebook models with the USB-C chargers.

Product specifications

- Complete safety equipment:
 - OVP (Overvoltage protection)
 - OCP (Overcurrent protection)
 - OTP (Over temperature protection)
 - SCP (Short circuit protection)
 - OPP (Overload protection)
- All notebooks with a USB-C port can be powered using the USB-C Mini chargers.
- Six easy-to-install adapters make it convenient to choose the appropriate adapter for a notebook model that does not have a USB-C port (Acer, Asus, Dell, HP, Lenovo, Toshiba).*

*The adapters are only compatible with the Xilence USB-C Mini Notebook Charger.
