MediaRange USB Type-C® to DisplayPort™ Audio and Video Converter, 20cm, Black

Seamless Connectivity for Every Setup

MediaRange offers a comprehensive selection of high-quality cables and converters, designed to meet the needs of both professional and everyday users. Whether you're looking for a reliable adapter, a converter or durable connectivity accessories, our products ensure seamless integration and performance.

From office workstations to home entertainment systems, our cables and converters provide clear, stable signal conversion, support resolutions up to 3.840 x 2.160 @ 60 Hz, and they are ready for immediate use thanks to Plug & Play. Experience smooth video and Audio output and dependable performance for all your display needs.

Reliable USB-C to DisplayPort Connection for Ultra-High-Definition Output

Designed for high-performance AV setups, this compact 20cm converter enables easy connection between USB-C devices and DisplayPort monitors. With gold-plated contacts for enhanced conductivity and durability, it guarantees top-tier signal quality and longevity.

Supporting resolutions up to 8K (7680 x 4320 @ 60 Hz) and data transfer rates up to 10 GB/s, this converter is ideal for presentations, video editing, gaming, or streaming in ultra-high definition. It's fully compatible with Windows, macOS, and Android—no driver installation required.

Whether you're presenting content in meetings, streaming media at home, or connecting displays in digital signage applications, this converter delivers reliable performance.

Key Features:

Ultra-HD Display Support: Resolutions up to 7680 x 4320 @ 60 Hz for outstanding clarity.

Gold-Plated Contacts: Ensures stable signal transmission and long-lasting durability.

Plug & Play Compatibility: Compatible with Windows, macOS, and Android systems—no drivers needed.

Compact & Lightweight: Perfect for travel, remote work, or any streamlined workspace.
