MediaRange Active USB Extension Cable, 2x USB-A Plug to 1x USB-A Socket, 1x Repeater, USB 3.0, 5 Gbps Data Transfer Rate, 10m, Black

Seamless Connectivity for Every Setup

MediaRange offers a comprehensive selection of high-quality cables and converters, designed to meet the needs of both professional and everyday users. Whether you're looking for a reliable adapter, a converter or durable connectivity accessories, our products ensure seamless integration and performance.

From office workstations to home entertainment systems, our cables and converters provide clear, stable signal conversion, support resolutions up to 3.840 x 2.160 @ 60 Hz, and they are ready for immediate use thanks to Plug & Play. Experience smooth video and Audio output and

dependable performance for all your display needs.

High-Speed USB Extension for Maximum Flexibility

Our USB 3.2 Gen 1 Extension Cable with repeater ensures stable and high-speed data transfer across extended distances. Designed for both home and professional use, this durable 10-meter cable provides a reliable connection between your USB devices—even in setups where additional reach is essential.

With 2x USB-A plugs and 1x USB-A socket, this black extension cable supports data transfer rates of up to 5 Gbps, thanks to USB 3.2 Gen 1 technology. The integrated repeater ensures signal integrity across the entire length of the cable, making it perfect for connecting peripherals like printers, webcams, hard drives, and more.

Featuring gold-plated contacts and full Plug & Play compatibility with Windows, macOS, and Linux, the cable requires no driver installation—just plug it in and go.

Key Features:

- **USB 3.2 Gen 1:** Supports transfer speeds up to 5 GB/s
- **Plug & Play:** No drivers required; compatible with Windows, macOS, and Linux
- **Extended Length:** 10m cable with built-in repeater for consistent signal strength
- **Durable & Reliable:** Gold-plated connectors for long-lasting

performance•

- **Versatile Use:** Ideal for peripherals like printers, external storage, webcams, and more

FEATURES

Technical Specs:

- **Model:** USB 3.2 Gen 1 Extension Cable; 1x Repeater
- **Connection:** 2x USB Type-A plugs to 1x USB Type-A socket
- **Data Transfer Rate:** Up to 5 GB/s
- **Plug Coating:** Gold-plated contacts
- **Compatibility:** Windows, macOS, Linux (Plug & Play)
- **Cable Length:** 10 meters
- **AWG:** 32 (0.202mm diameter)
- **Color:** Black

APPLICATIONS

Common Use Cases:

- **Office & Business:** Extend connectivity to printers, webcams, or peripherals on larger desks or conference rooms.
- **Home & General Use:** Perfect for setups requiring longer reach—e.g., external drives near TVs or routers.
- **Professional Environments:** Stable, high-speed performance for studios, labs, and IT environments.
