

Qoltec AGM battery | 12V | 20Ah | max. 300A

Product code: 53066

AGM battery is intended for use in emergency power systems and in other situations where the battery works cyclically.

YOUR STABLE ENERGY SOURCE

When performing everyday activities or at work, you certainly use devices that need electricity to work efficiently.

Some of them draw energy from the grid, while others only need a battery to operate, such as:

- electronic toys,
- quad bike,
- UPS or medical equipment.

To provide them with a stable and safe source of power, we have prepared a wide range of solutions. **Check out our offer of AGM batteries** and choose the variant that best suits your needs.

Feel safe

www.qoltec.com/files/en/help_files/file-53066-opis2.jpg alt="AGM" align="left">

We design batteries in accordance with the latest AGM technology, which allows them to **work longer**, thanks to the slow discharge process.

Your safety is important to us - the advantage of our batteries is **tightness, resistance to high temperatures and various types of shocks**. The devices powered in this way **will work without failure for a long time**.

Long life - enjoy much longer!

www.qoltec.com/files/en/help_files/file-53066-opis4.jpg alt="AGM" align="left">

A decidedly additional advantage of our **batteries is their service life without the need for maintenance**, thanks to which they **work for up to 10 years!**

One battery, two operation options at your disposal

Are you wondering where is the best place to use our battery? Is it a permanent source of energy, or an emergency power supply for devices usually connected to the electricity grid? The answer is: it will work perfectly in both situations.

- **You can treat it as a battery that charges and then powers your equipment.**

- You also have the **option of ensuring the safety** of the devices connected to it in the **event of a sudden power outage or voltage jump**.

Reliability without compromise - check it out!

When you buy our battery, you get a full reliability guarantee. **It works regardless of the position in which you mounted it**. You want your equipment to work at full capacity without restrictions - now you can be sure that it will receive the dose of energy it needs to operate without compromise.

Trust confirmed by warranty

You care about the quality of the product you buy, which is why **our projects and solutions are focused on meeting your expectations**. Each battery we offer is covered by a 24-month warranty from the date of purchase.

Technical data

Producer	Qoltec
Rated capacity	20 Ah
Voltage	12 V
Max. Discharge Current	300 A
Float charge	13.6 V - 13.8 V
Cyclic charge	14.5 V - 15.0 V
Service life	10 years (when working with an uninterruptible power supply UPS)
Usage	Alarm systems and monitoring UPS Electronic toys Motorcycles, quads, scooters, etc. Forklifts, golf carts, wheelchairs Solar battery systems Medical equipment Emergency lighting
Connector	M5 screw connection
Dimensions (D/L x W x H)	72 x 182 x 165 mm
Package contents	AGM battery
Package depth / length [mm]	90
Package width [mm]	190
Package height [mm]	170
Net weight	5,5000 kg
Gross weight	5,5200 kg
Warranty	24 months
EAN code	5901878530666
