PANCAKE-MAKER American 48165

Unold Pancake-Maker American:

With the PANCAKE-MAKER American, two delicious pancakes can be prepared at the same time and with little fat. Also in gluten-free, vegan or low-carb versions. Because the die-cast aluminum plate with the two recesses is non-stick and has a dough collecting channel, cleaning afterwards is super easy. It is easy to use: set the desired degree of browning and preheat the device. The indicator light signals when the desired temperature has been reached. The cable can be wound up in the base to save space
