InLine Storage bag for EV car charging cable, up to 7.5m, grey

[InLine Storage bag for EV car charging cable, up to 7.5m, grey:](#)

The grey storage bag for EV car charging cables, with a generous capacity of up to 7.5 metres, offers a well thought-out solution for the orderly storage of electric vehicle charging cables. Equipped with robust hook and loop fasteners and straps fitted with snap hooks, this bag allows for secure storage and effortless packing and unpacking of charging accessories. The hard-wearing material protects the cable from wear and tear and the effects of the weather, while the compact bag allows easy handling and storage. The practical design means that the cable is always within easy reach and well organised. This storage bag is therefore the ideal companion for electric car owners who value convenience, organisation and durability.

Care instructions: Wash on a normal wash cycle at a temperature of up to 30°C, do not tumble dry, do not dry clean, do not bleach. Only iron on the lowest setting and without steam.
