HP 2-way Removable Privacy Screen Filter for 14" Laptops 16:10:

Privacy screen filters are a quick and simple way of preventing unauthorised viewing. Kensington privacy filters are a multipurpose tool that go further than just shielding sensitive data from prying eyes. Users can often be logging on from different devices in different locations each day, working in a range of varying lighting conditions. Additional features such as built-in anti-glare and blue light filters help make screen time more comfortable, no matter the environment.
