How your case can help save the world
We're committed to doing our part to reduce carbon emissions in the world. This case for Galaxy S22+ gives life to a combination of bio-based materials and is Bio UL certified.

Your hue stays true
It's made of transparent material to show off the shade of your phone. The cover is slim too, so it can still fit comfortably in your pocket.

Clearly covered corners
This case offers protection whilst also letting you show off your phone. The combination of a bouncy TPU (Thermoplastic Polyurethane) bumper that helps to protect the corners, and a solid PC (Polycarbonate) plate on the back help your phone stay safe.

The case is your canvas
If you live creatively, use the back panel of your case to let your artistic side thrive. Add loads of stickers to make a statement, or keep it simple with a personal touch, or two.
