Glorious Gaming Kailh Speed Bronze Switches:

KAILH MECHANICAL KEYBOARD SWITCHES (120PC)
The heart of any mechanical keyboard. These mechanical switches are manufactured and produced by Kaihua, and are fully compatible with our Glorious Modular Mechanical Keyboard. Kaihua is the first company to truly innovate over the original Cherry switches, which have traditionally dominated the market.

The Kailh switches are unique and come in many varieties, differentiating itself from Gateron and Cherry switches. The Kailh switches come in three types: Box, Speed, and Pro.

Speed switches have a shorter travel and key activation distance compared to other types of switches (about 40-50% faster). These are ideal for competitive gamers, or people who want to increase their typing speed.
