Sometimes there's no substitute for hand sanding. The problem was that conventional sanding sheets wore out fast, clogged, or broke when sanding curves and edges. The old solution was to buy a lot of sanding sheets, leading to high consumption and waste. The new solution is sanding foams using Bosch Surface Structure.

Broad, extra flexible sanding sponge ideal for form-following sanding on all shapes of surface. The Bosch EXPERT Sanding Foam Flex Pad is a revolution in hand sanding. Once you've tried it, you won't look back.
